+6281932115107 | fernandojason100@gmail.com | www.linkedin.com/in/fernando-jasonn | https://fernando-jason-portofolio.vercel.app/
Jakarta, Indonesia

Fernando is a motivated Computer Science student at BINUS University specializing in Intelligent Systems with a strong foundation in Artificial Intelligence, Machine Learning, and Software Development. Experienced in building intelligent applications, Natural Language Processing (NLP) models, and computer vision solutions using modern frameworks and tools.

Skilled in Python, Java, and data analysis, with hands-on experience in algorithms, data structures, and cloud technologies.

Passionate about leveraging AI to solve real-world problems, and eager to apply technical and analytical skills through internship or entry-level opportunities in software engineering, data science, or AI research.

Universitas Bina Nusantara - Alam Sutera, Kota Tangerang, Indonesia

Sep 2023 - Jul 2027 (Expected)

Bachelor of Computer Science, 3.47/4.00

SMA Kolese Kanisius - Menteng, Jakarta Pusat, Indonesia

Jul 2020 - May 2023

High School Diploma in Natural Sciences

Organisational Experience

Bina Nusantara English Club (BNEC) - Hybrid

Mar 2025 - Present

Staff of Coprorate Relations

BNEC (BINUS English Club) is the official English club at BINUS University, one of the largest and most active student organizations in Indonesia. The organization focuses on developing students' skills in English, leadership, and organizational management through events, competitions, and corporate collaborations.

- Identified and approached 15+ potential corporate partners, securing 5 new long-term collaborations to support BNEC programs.
- Researched and evaluated 20+ companies, aligning sponsorship opportunities with organizational goals and event needs.
- Initiated communication and maintained professional relationships with 10+ corporate partners, ensuring continuous engagement.
- Built and maintained professional relationships with 10+ corporate partners, ensuring sustainable engagement and sponsorship continuity.

Komunitas Mahasiswa Katolik (KMK) - Hybrid

Nov 2023 - Feb 2025

Activist

KMK (Komunitas Mahasiswa Katolik) is the Catholic Student Community at BINUS University, providing a platform for students to grow in faith, leadership, and social responsibility. The organization organizes religious activities, social services, and community events to strengthen spiritual life and fellowship among members.

- Supported leadership and service-based programs that enhanced team collaboration and empathy among 50+ active members
- Organized and participated in 5+ community events, including social services and religious gatherings, increasing student engagement by 30%.
- Collaborated with fellow committee members to design and execute impactful programs that strengthened faith-based leadership development.

Skills, Achievements & Other Experience

- **Programming Language:** Python, Java, C, JavaScript, HTML, CSS, MySQL
- **Machine Learning & AI:** Deep Learning, Neural Networks, NLP, Computer Vision, Data Analysis, Data Engineering
- **Tools & Frameworks:** TensorFlow, PyTorch, Pandas, NumPy, OpenCV, CV2
- **Software & Productivity:** Google Workspace, Microsoft Excel, Microsoft Word, Visual Studio Code
- **Projects** 🔄 (2024): CateringZ - Created and deployed a self-made website with a user-friendly UI to streamline catering service browsing and ordering.
- **Soft Skills:** Strong teamwork, leadership and communication abilities
- **Soft Skills:** Highly organized, responsible, and proactive in problem-solving
- **Soft Skills:** Skilled in public speaking, collaboration, and adaptability in dynamic environments
- **Achievements** 🔄 (2024): TOEFL ITP by EnglishVIT
- **Achievements** (2022): Magna Cum Laude (92.3/100) at 11th Grade as a student in SMA Kolese Kanisius
- **Language:** English (Fluent), Bahasa Indonesia (Native)
